

# **License Agreement for Non-Commercial Research use of Fingerprint Color Image Database .v1**

## **Introduction:**

The major purpose of the Fingerprint color image database .v1 is to analyze Fingerprint recognition system performance under ideal imaging conditions. In this scope, 250 fingerprint images from 50 subjects are collected using fingerprint scanner, Digital Persona, 4500 fingerprint reader. The subjects mainly consisted of students, faculty and staff at YCCE College. This database distributed exclusively to research purposes. All requests must be submitted by the principal investigator (henceforth "Researcher") on behalf of the commercial or academic institutions that wishes to use the database. To receive a copy of the database, Researcher must manually sign this document and agree to observe the restrictions listed below. The signed document should be digitized and sent through Email to: **ujwallgawande@yahoo.co.in** (Dr. Ujwalla Gawande, Dept. of Information Technology, Yeshwantrao Chavan College of Engineering (YCCE), Nagpur).

## **Consent:**

Researcher agrees to the following terms and conditions:

1. The database, in whole or in part, will not be distributed, published or disseminated in any way.
2. The database may not be used to any other purposes than internal research in the Researcher institution.
3. Any work made public, whatever the form, based directly or indirectly on any part of the Database will include the following reference:
